Senator Walter D. Huddleston  
Senator, Commonwealth of Kentucky  
Senate Office Building  
Washington, D. C. 20250

Dear Senator Huddleston:

While war is raging in the Golan and Sinai, I would like to take this opportunity to both thank you for your prior support of Israel and once again request your efforts on her behalf.

It would appear that the insidious policy of the Soviet Union to both restrict immigration of its Jewish citizens and to arm the Arab countries has once again borne tragic consequences. I am sure that you will continue to oppose the granting of any special favors to the USSR and I further beseech you to do everything within your power to make certain that the State of Israel is equipped to repulse this latest attempt to extinguish her existence.

Sincerely,

Joseph H. Miller
